- 1 x Hydrafacial
- 1 x Lymphatic Enzyme Facial
- 1 x Rationale Epinova Brilliance Facial

COSMETIC INJECTABLES

Anti-wrinkle

Anti-wrinkle injections are designed to reduce and soften the appearance of fine lines and wrinkles. Results generally take up to two weeks to kick in and last approximately three to four months. We recommend having your muscle relaxants two months prior to your wedding.

\$4-\$14.95 per unit

Dermal filler

Dermal Filler is used to enhance volume, create shape, add balance and define the face. Commonly used in the lips, cheeks, jaw, under the eyes and the nose. We recommend having your filler done six months prior to your wedding.

from \$399 per ml

Platelet rich plasma

PRP is designed to use your blood to help regenerate cells and stimulate collagen production. PRP helps to minimise the appearance of fine lines and wrinkles, scarring and helps even out your skin texture and tone. We recommend a minimum of three treatments, starting six months prior to your wedding.

from \$399

Facial threads

A thread lift involves the insertion of dissolvable threads into the face or body. The threads are then lifted pulling the skin into position. This helps restore the volume, quality, and improve skin texture. We recommend having your threads done six to twelve weeks prior to your wedding.

POWER PERFORMING TREATMENTS

Skin needlingRF

Morpheus8 uses a combination of skin needling and radio-frequency technology designed to create a controlled wound healing response within the skin to stimulate collagen production. Skin needling RF is designed to be used for the treatment of fine lines and wrinkles, skin laxity, scarring and overall skin rejuvenation.

from \$499

Tempsure

Revolutionary radio-frequency energy designed to heat the deeper layers of the dermis, so that collagen fibres undergo a remodelling process, while new collagen and elastin are produced in the treated area. The aim is for a refined and youthful complexion through renewed structural support to the skin.

from \$499

Lumecca IPL

Lumecca is an intense pulsed light (IPL) treatment designed to treat pigmented and vascular lesions such as capillaries, sun damage, rosacea, age spots and freckles.

Following just one treatment, you can usually experience a noticeable improvement in the health and clarity of the skin.

FACIAL TREATMENTS

Inígo MediFacial

The Inigo MediFacial is a luxurious, bespoke experience designed to be the foundation of your skincare plan. Our experienced dermal therapists use a customised range of active cosmeceuticals and medical grade products to address your specific concerns and skin requirements.

\$179

Hydrafacial

HydraFacial is a non-invasive, medical grade hydradermabrasion treatment that uses vortex technology to carry out a three-part method of cleansing, exfoliating and hydrating the skin. Prepare to see radiant, deeply cleansed, nourished, and hydrated skin.

from \$189

Prodermal Peels

Power Peels as we call them, are designed to achieve cell optimisation and skin health. Peels target specific skin concerns such as fine lines and wrinkles, pigmentation, acne and overall skin rejuvenation by using a combination of enzymes, peptides and/or acids.

from \$129

Prin Lymphatic Enzyme

Prin works by applying transient pressure to the skin designed to assist with activating the lymphatic system thereby removing toxins. The treatment acts as a detox for your face; lifting and tightening your skin designed to create a more youthful, firmer and glowing appearance.

\$189

Healite LED

Healite II LED skin therapy treatments use different wavelengths and colours of light designed to rejuvenate, strengthen and heal your skin. Light therapy is designed to trigger cell healing, encourage blood flow, oxygenate and detoxify tissues, improve skin tone, and stimulate the deeper layers of the skin.

from \$49

Rationale Facials

Rationale facials are designed to deliver radiance and refinement to your skin. Enzymes are reactivated deep within the skin, amplifying luminosity with curated active ingredients.

THE BEAUTY EDIT

Inígo Cosmetic has created the Beauty Edit for brides-to-be to ensure your beauty prep is stress-free in the lead up to your big day.

We have partnered with Glam Studios, Brow Sculpt, The Tan Lounge and Sheridan Meyers to bring you four curated Editions containing everything you need to know about prepping for your wedding day lash, brow, tan and makeup appointments.

All Inígo Cosmetic brides will receive 10% off the following partners.

By Inígo Cosmetic partners

The Lash Edition

By Glam Studios

Wedding lashes are the perfect addition to a bride's wedding prep. The go-to style recommendation for brides are volume lashes, as they are lightweight, fluffy and give definition to the eyes to make them pop in every photo.

Important things to note:

- Schedule your lash appointment 48 hours before or after other beauty appointments to avoid wetting the lashes
- Avoid heat around the eye area (hair dryers, lighters)
- Have a trial three months prior to your wedding

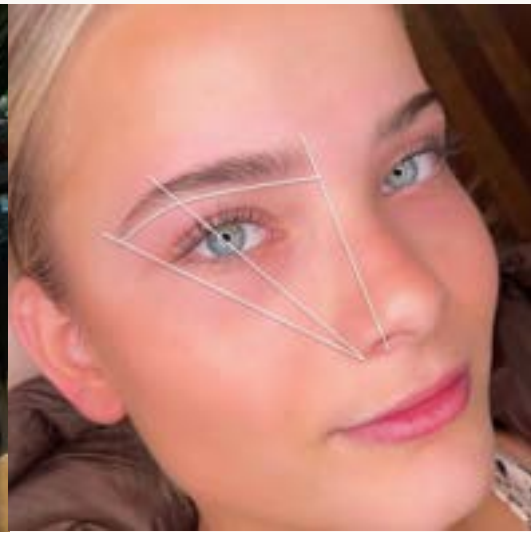

The Brow Edition

By Brow Sculpt

Brow sculpting is the perfect addition to your beauty wedding prep. Brow sculpting helps to frame your face and enhance your eyes.

Important things to note:

- Avoid fake tanning 48 hours prior as the tan can alter the tint colour, turning it into a warm orange colour
- Apply Vaseline over your brows prior to your spray tan
- Have a trial brow appointment three months out

The Tan Edition

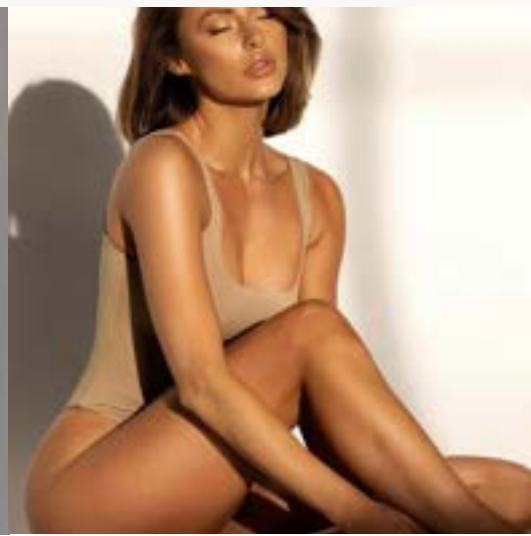

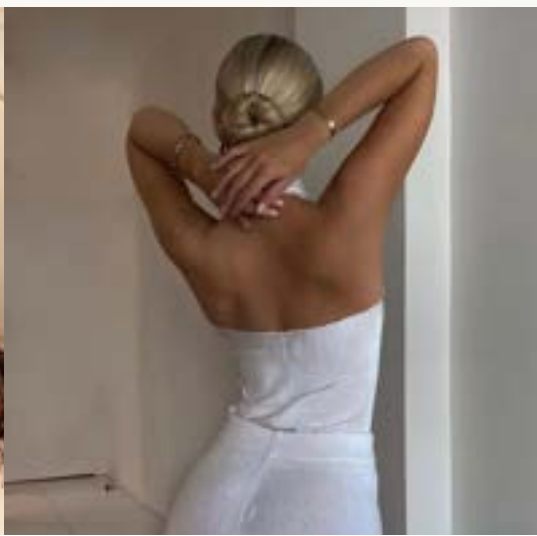

By The Tan Lounge

Our luxurious tan lounge is the perfect pre-wedding experience for you, your bridal party and special guests. We can't wait to help you glow on your special day.

Important things to note:

- Exfoliate, shave and moisturise 24 hours prior
- Make your spray tan appointment your last beauty appointment, 48 hours after brows, lashes and skin.
- Have a trial at least four weeks prior to your wedding
- Wear dark, loose fitting clothing after your tan

excludes 10% off

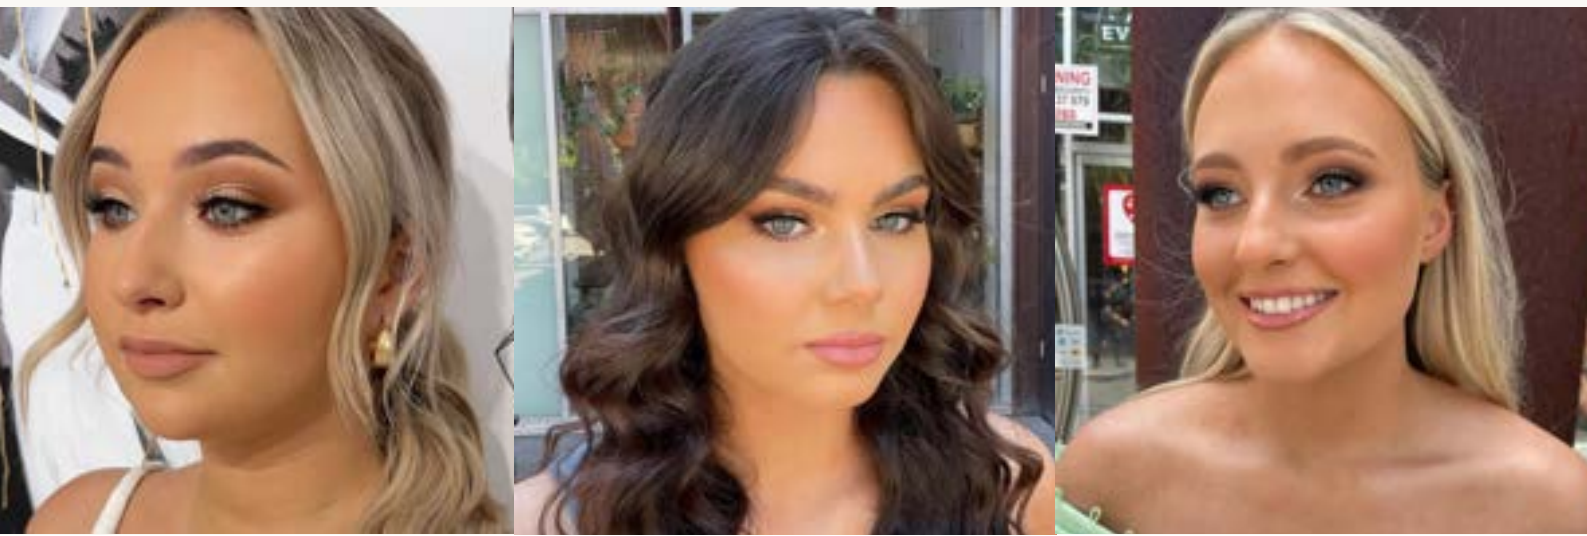

The Makeup Edition

By Sheridan Meyers

Sheridan Meyers is a freelance makeup artist with over 10 years' experience in special occasion makeup. Sheridan is the perfect addition to your ultimate beauty prep.

Important things to note:

- Book your bridal trial the weekend of your hens
- Bring inspiration photos to your appointment
- Bring a lipstick you want to wear so that you have it for touch ups
- Come with a fresh face, no makeup
- Complete all beauty appointments 48 hours prior

Beauty Timeline

By Inígo Cosmetic

Inígo Cosmetic has created the Beauty timeline for Brides to follow in the week leading up to your wedding day to ensure your beauty appointments are scheduled accordingly.

7 days out: Brow Sculpting

4-5 days out - Facial Treatment

3 days out: Lash Lift or Lash Extensions

2 days out: Spray Tan

Wedding day: Hair & Makeup
